EDUCATION

B.A. -- University of Wisconsin - Stevens Point

Sept. 2008 - Present

Major: Web and Digital Media Development, Philosophy of Religious Studies

Activities: Association of Information Technology Professionals

Jan. 2009 - Present

Treasurer, AITP

May 2010 - Present

UWSP Jazz Band, UWSP Concert Band

Sept. 2008 - May 2009

DEVELOPMENT EXPERIENCE

Web/SharePoint 2010 Developer

May 2010 - Present

UW-Stevens Point, Information Technology: Stevens Point, WI

Collaborative work with 9 co-workers in developing and migrating the University's 200+ internet and intranet websites into SharePoint 2010. Deployment included using Powershell to create automated solutions to control consistency between sites, using CSS and CSS3 to implement the University Communication and Branding guide on each website, and jQuery to extend user interaction with internet sites.

Freelance Application Developer and Designer

Oct. 2010 - Present

Self Employed: Stevens Point, WI

Self-directed work developing websites and mobile applications for local businesses in Stevens Point, WI. Web languages used in development with these clients include php, jQuery, CSS3, and HTML5, as well as development with WordPress design and plug-in extensibility. Mobile development is focused primarily on Android and Java.

MIT Research -- Red Ink

Sept. 2010 - Jan. 2011

Open-Source Research Project -- <http://redink.media.mit.edu/>

In conjunction with a MIT graduate student, worked through the Center for Civic Media to develop an online personal and community banking system. Individual work included the use of php, HTML, CSS, and jQuery to implement new functionality and design into the website.

Drupal Scheme Designer and Content Editor

Feb. 2010 - Aug. 2010

Gaming Community Social Network -- <http://www.commandcenter.cc/>

Developed and designed the website layout using CSS for Drupal and phpBBforum. After site completion, work with this project involved approving and editing user submitted content to the website.
